

Dear Holy Rosary School Families,

UPDATE

***Congratulations** to our students and faculty on completing NYS ELA exams! Our students were well prepared for these exams and I know they worked hard and did their best during the testing sessions. While the NYS Exams have a purpose and are a valuable resource for parents and teachers, they are not the only source of measuring progress. These exams provide a “snapshot” of a student over a 2-day period. They should be reviewed in conjunction with what a student has done over a 10-month school year. Student performance in and out each day of a school year provides a more valid measure of overall progress towards meeting the NYS common core grade level standards.
